EDUCATION

- **National Institute of Technology, Hamirpur** Himachal Pradesh, India
Dual Degree in Computer Science and Engineering, CGPA : 8.96 2017 – 2022
- **DAV Public School Barmana** Himachal Pradesh, India
Percentage : 90.6 2016 – 2017

PROJECTS

- **Path finding Visualiser**
Python
 - Visualised Breadth first search algorithm to find the path in grid composed of forbidden cells
 - User can choose start cell, end cell and forbidden cell
 - Used pygame module for visualisation
- **Simple To Do List Webapp**
Python, Django, HTML, CSS
 - Developed a webapp in which a person can add, remove and delete tasks
- **Binary Image Classifier**
Python, Keras
 - Image classification of Cat and Dog using python
 - Used Data augmentation for improving the accuracy
 - Achieved accuracy of 80 percent

SKILLS

- **Programming Languages:** C++, C, Python, SQL
- **Frameworks:** Django, Tensorflow, Keras
- **Familiar with:** Machine Learning, Distributed Computing

ACHIEVEMENTS

- Highest rating of 1483 (Specialist) at Codeforces
- Highest rating of 1895 at Codechef (4 star Rated Coder)
- Achieved rank of 3325 in Google Kickstart Round
